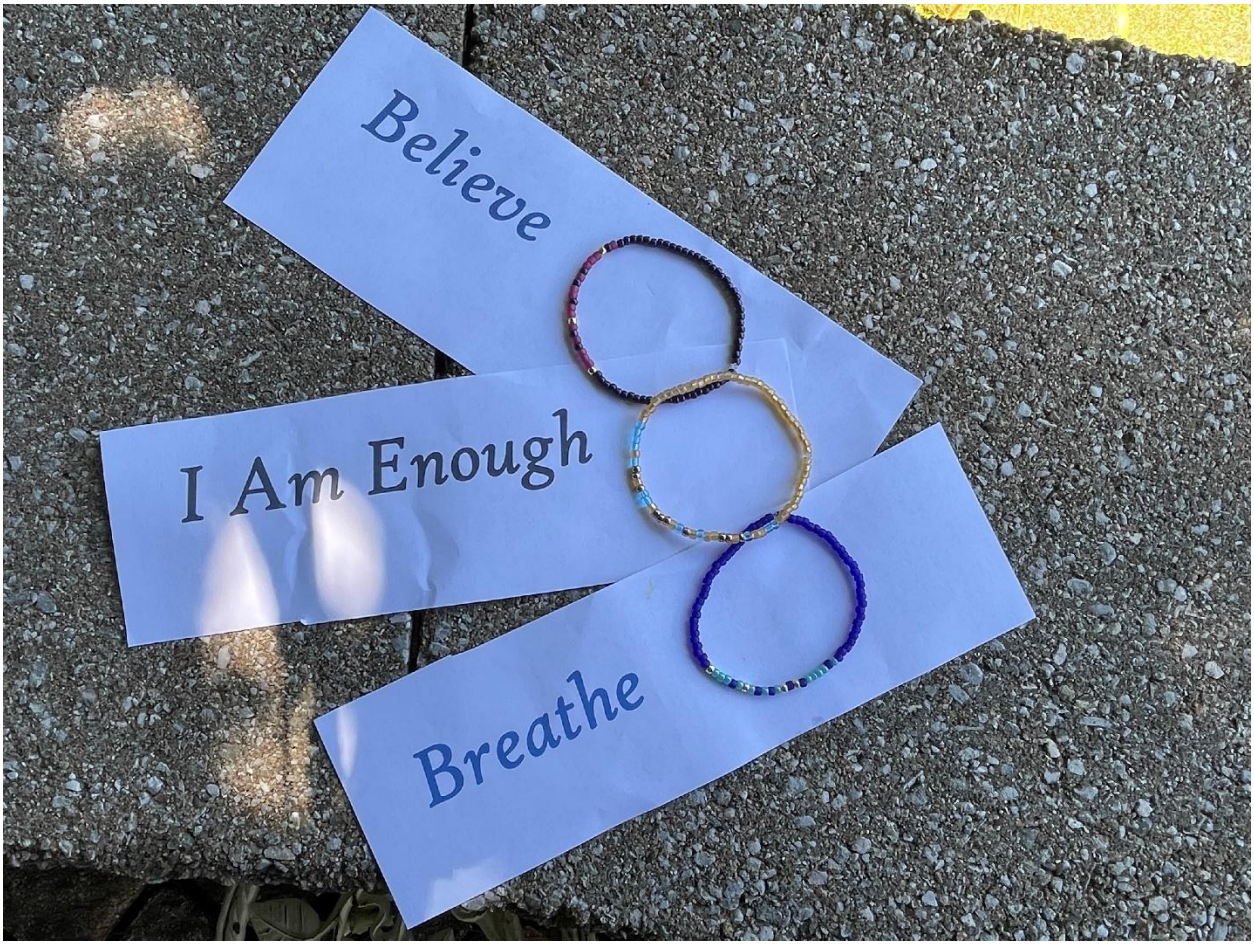
Secret Affirmation Bracelet (AKA “Morse Code Bracelet”)



We all often could use private reminders like “Breathe”, “I am Enough” or “Believe” to uplift and give us wisdom.

Jennifer Keohane will teach us how to make an easy to make, easy to wear beaded bracelet that can be a secret and pretty reminder of your intentions.

You’ll find you can’t stop at just one!

Materials for a 6 ½" bracelet:

- Size 8 Japanese beads in 3 colors. You'll need one color as dominant/background color and 2 colors that will be the pattern/message. You'll need approximately 80 size 8 beads in total for a 6.5" bracelet. I suggest you bring 50 of each color. Given the expertise of this group, people will probably have time to make more than one bracelet so feel free to bring a selection of beads from your collection

- Approx 10-12" stretchy bead cord (.08 Powercord clear is recommended)

- Big eye beading needle (sized to fit whatever bead cord & bead inner diameter you use)

- Bead triangle scoop (optional)

- Beading mat (optional)

- Scissors

- Glue (E6000) recommended

- Pen or pencil

Jennifer will provide written instructions & worksheets. You can develop your own affirmation or use one of those already charted by Jennifer.
